

Take technology

The 36 Volt Cordless Roboimpact®

offers superior power, performance, versatility and durability. Unmatched in performance, the Cordless Roboimpact is the most powerful tool of its kind in the world. Whether overhead, on the ground, or even underground, it can be used in the most demanding drilling and hardware applications.

Hex Quick-Change

Accepts standard 7/16" hex bits. Nose also available in 5/8" hex & 1/2" and 3/4" square drives.

Heavy-Duty Proprietary Motor and Gearing

Powerful 30 amp reversible motor provides in excess of **2500 rpm** and **350 + ft./lbs.** of torque for drilling and hardware applications.

Military Switch and Handle

Reversing single speed switch located on high strength, impact resistant handle.

Two Position Side-Handle

For increased comfort and control.

Extended Run Time Hilti Battery

Powered by state-of-the-art Hilti 36 volt battery. Advanced technology provides greater working capacity and longer cycle life. Battery can also be used with Hilti TE 6-A 36v Cordless Rotary Hammer Drill.

TECHNICAL DATA - 2736 Cordless Roboimpact

Voltage	36 V
Ft./Lbs. of Torque	350+
Impacts per/min.	2500+
Chuck	7/16" quick-change
Cordless Battery Capacity	2.4-Ah NiCd
XL 3605 Battery Capacity	7.2-Ah SLA
Dimensions	17-1/4" x 3-1/4" x 11"
Weight (with cordless battery)	13.5 lbs.

anywhere you want.
